Points

(a) people [illegible] [illegible] their land and [illegible] [illegible] [illegible] land

(b) Of course we are now have a free country but if you want to move to someone's area please ask for the permission from the leader.

(c) we suggest that it is not good for the land to have too many cattle so if people want to take a good care of a few cattle they should sell the cattle and use the money to drill borehole.

ex-chairman → Tsamkxao ǂOma

(a) The land is too small so we must protect it, the best way Those people who lived there and knows the land to manage it.

(b) Taking care of land means that some of it must set aside for animal breeding and some for wild plants collecting food.

(c) If we protect our land, the land will support our people for example those people who went to Gobabis and South Africa.

West Bushmanland (Vasekela language)

Alvita Viter

(a) People from west Bushmanland are unhappy about the division of land in their area because 40 m 40 metres is too small for them.

(b) Also agree with the points by two men above.
